When I go to high school  
My friends think I'm a fool  
When I arrived to high school  
My teachers start to be not cool  
And my girlfriend don't love me  
'Cause I look porn DVD  
I do skateboard 'cause it's fun  
I do skateboard in the sun  
I leave in california  
And my favourite place is Skatopia  
And I leave in L.A.  
For this I never pay

We are California boys  
For girl we are toys  
For high school I'm lazy  
And for skateboard I'm crazy  
I like Social Distortion  
Pop punk is my obsession  
I love Blink 182  
And the MxPx to  
I'm lost in all this punk rock  
But forever I listen punk rock  
Punk rock  
Punk rock  
Punk rock...
