Red lights flashing, I keep driving through  
31st of December  
Photographs I never took of you  
Yeah, I start to remember

The broken moments that I might have thrown away  
I don't care, I'll be okay

I got a way of knowing exactly where I'm going  
But I feel so alive  
Everything is changing, life is rearranging  
But I feel so alive, so alive

A pay phone calling, it's so hard to forget  
Can you forgive me?  
Know I'll never be what you expect  
I'm not sorry

For every moment that I'm making a mistake  
I bend, but I won't break

Got a way of knowing exactly where I'm going  
But I feel so alive  
Everything is changing, life is rearranging  
But I feel so alive, so alive

'Cos I feel so far, and I'm halfway there  
Just over the edge and I won't be scared  
Everything is changing, life is rearranging  
But I feel so alive, so alive

How would it be  
How would it be if you could finally accept that this is  
me?

Got a way of knowing exactly where I'm going  
But I feel so alive  
Everything is changing, life is rearranging  
But I feel so alive

'Cos I feel so far, and I'm halfway there  
Just over the edge and I won't be scared

Everything is changing, life is rearranging  
But I feel so alive, so alive

Gonna make it real, gonna make it real  
Gonna make it real, gonna make it real
