Invisible life

Whenever you are close to me

I feel a trembling inside

And then you approached me that day

Suddenly I feel so high

But I don't want to leave

I'm not worthy of this higher

Being in the light

I'm truly holy but n--- now I'm

Confined to this ground

Invisible life

Whenever the rush recedes

My reality melts away

Turning on the TV screen

It appears were all ok

But I don't want to leave

I'm not worthy of this higher

Being in the light

I'm truly holy but n--- now I'm

Confined to this ground

Cause I can hear this humble silence

Creep into my house

I know it feels like coming home

But I can't go this time

I'm taking my own chance

To find truth between the lies

-(Truth between the lies)-

It's kinda like just what it is

So I gotta try

So I can hear this humble silence

Creep into my house

I know it feels like coming home

But I can't go this time

Cause I'm not worthy of this higher

Being in the light

I'm truly holy but n-now I'm

Confined to this ground

Cause I can hear this humble silence

Creep into my house

I kno it feels like coming home

But I can't go this time

Invisible life...
