There's an empty room, full of memories  
And everywhere I look, it's where you used to be  
It's like a photograph, a moment froze in time  
I'm staring at your face, even when I close my eyes

Oh, oh, where'd you go?  
I thought you'd never leave  
Oh, oh, should have known  
How much you mean to me

Oh, oh, where you are  
Is where I wanna be  
So, it's a shame that  
You'll never really know

I wish I could go back  
And be with you again  
'Cos there's so many things I should have said  
When I had you listening

As close as we were then  
As far as we are now  
As much as this won't change a thing  
You've got me calling out

Oh, oh, where'd you go?  
I thought you'd never leave  
Oh, oh, should have known  
How much you mean to me

Oh, oh, where you are  
Is where I wanna be  
So, it's a shame that  
You'll never really know

Now, was it ever meant to last?  
The candles burned from yesterday  
The past is over, gone ahead  
And watch the glow just fade away

I can't run to catch my breath  
I can't hide to see [Incomprehensible]

The plans, the hopes, the dreams, the tears  
All disappeared

Oh, oh, where'd you go?  
I thought you'd never leave  
Oh, oh, should have known  
How much you mean to me

Oh, oh, where you are  
Is where I wanna be  
So, it's a shame that  
You'll never really know

Oh, oh, where'd you go?  
I thought you'd never leave  
Oh, oh, should have known  
How much you mean to me

Oh, oh, where you are  
Is where I wanna be  
So, it's a shame that  
You'll never really know

So, it's a shame that  
You'll never really know  
It's a shame that  
I never really showed
