Starring at the sky
There's angels in the snow
Wishing she could fly high
Above the world below
All that she wanted
Is to be wanted
Shes sitting on the stairs
With ribbons in her hair
Waiting for someone
Who cares
Who cares

Pulling over magazines
She soaks up every page
Each picture like a daydream
She never wants to fade
All that she wanted
Is to be wanted
Shes looking in the mirror
Wondering what to wear
Hoping she'll meet someone
Who cares

At the window sill she's looking out
At strawberry daphodiles
Butterflies and broken rollerskates
The colors bead like fingerpaints
From yesterday

All that she wanted
Is to be wanted
Shes rocking in her chair
Silver in her hair
Still waiting for someone
All that she wanted
Is to be wanted
Shes sitting on the stairs
Ribbons in her hair
Waiting for someone
Who cares
