Ela e minha menina
E eu sou o menino dela
Ela e o meu amour
E eu sou o amour todinho dela Huh!
The silver moon is out of sight
And the golden sun has come
A beautiful new day is born
Scented with joy
Cuz I fell asleep and awoke thinkin of her
Pois ela e minha menina
E eu sou o menino dela
Ela e o meu amour
E eu sou o amour todinho dela
The rose bush has blossomed out
And I've seen that she's my rose
For her I'd place my heart before
Reasons I tell
Everybody in the world that I love her
Pois ela e minha menina
E eu sou o menino dela
Ela e o meu amour
E eu sou o amour todinho dela
A Minha Menina
