All this is wrong, wrong
This is not what you were looking for
This is just another day in your predicted life
No, no you ain't gonna be somebody else
You've buried yourself in a hole with no light

Oh-oh-oh-oh,
What were you waiting for,
It's not life if it's not getting harder and harder
It's not what you want,
It is too hard and too short,
Doing nothing at all you just say
That you need to be free

Behind the veil of night
You can't see your life
In a middle of a day
You could lose your sanity,
You're ready to change your way
But not todayâ€¦
All you see isâ€¦
All you have isâ€¦
And you can't controlâ€¦

Chorus:
Another shattered dream
Another broken heart
Another day just sends you
Back to the start
Another morning
Another breakdown
Another try to begin your way
Another try to run
To a better day
Oh, you believe in a better day

You believe that the best time is out there
And "it's nothing as it seems
It's my way to the land of dreams"
There are words you always say
After another wasted day.

You know it's not hard to die
So much harder is
To leave the cage of your predicted life
Right now stop
And make your choice
Scream or silence?
Darkness or light?

"It's gonna be ok (It's gonna be ok)
You only have to wait (You only have to wait)
And there's no need to fight (And there's no need to fight)
It's gonna be alright"
No, it's not you have to know!

Behind the veil of nightâ€
In a middle of a dayâ€
You're ready to change your way
But not todayâ€
All you see isâ€
All you have isâ€
And you can't controlâ€

Chorus:
Another shattered dream
Another broken heart
Another day just sends you
Back to the start
Stop convincing yourself
It is an ineffectual act
If you wanna change your life
If you wanna make a step
Another morning
Another breakdown
Another try to begin your way
Another try to run
To a better day
Oh, you believe in a better day
You believe that the best time is out there

And "it's nothing as it seems
It's my way to the land of dreams"
There are words you always say
After another wasted day.
