If you walk in this town 16 years revives  
Textbooks graffiti guitar face painting and Kimi  
Madonna of us bothered by prank  
Blue Spring familiar voice that tickles

I'm still so beautiful and I always loved  
I really liked I'm finally è"€lâ†°Senakatta  
I'll always liked Kimi is still beautiful  
I'm aware of this feeling Tetarou really liked

Another short story can not stop feeling  
Everyone go home tonight if another cup? Only two

Did happy I found this out of town?  
"â€¥ and I'm fine all means" kiss of that day

That day seems like I'm always liked  
I'm not looking just another dream I really liked  
I'll always liked Kimi is still beautiful  
Let him go this feeling I really liked

I'm still so beautiful and I always loved  
I'll really liked

I'll always liked  
I'll really liked
