[Geronimo Ji Jaga]

In the event of my demise  
when my heart can beat no more  
I hope I die for a principle  
Or a belief that I have lived for  
I will die before my time  
Beacause I feel the shadow's depth  
So much I wanted to acomplish  
Before I reached my death  
I have to come to grips with the possibility  
And wiped the last tear from my eyes  
I loved all who were positive  
In the event of my demise

[Young Noble]

In the event of my demise don't shed no tear  
I'll share my wizdom with the world, they'll know I was  
here  
Know I was clear, every thing I said I ment  
A outlaw, when I was born they prepared my ditch  
Said I won't live long, statistic showed  
I'm tryna past 24 realistic goal, listen all  
You gotta stay cold inside  
That's what I tell myself when I feel alone sometime  
But I can't cry, I don't tear no more  
I love god, from death I don't fear no more  
A part taken in this movment to better my people  
Though they see me on TV, I tell them we equal  
Don't look at me as a stranger, I'm one of your own  
We was rised in concrete and grew as a rose  
Still I rise, but never get a chance to fly  
Mama please don't cry  
In the event of my demise

[Chorus - Young Noble]

In the event of my demise  
can't breathe no more  
hope I die for a principle  
something I lived for  
dying before my time  
feel the shadows of depth

Trying to fulfill all my dreams before I reach my death  
came to grips with the possibility  
The world's killing me, and my soldiers die young with  
no sympathy  
I wipe the last tear from my eyes  
I loved all who stand strong  
In the event of my demise

[Napoleon]

If I should die before I awake  
let my family be straight of the money I make  
Give my son, what he needs, other than his father  
Is it self respect, better get his honor  
with the law come to swallow my soul, it's so big  
Cause the street took enough of my life, we all see  
It's a cycle make you feel psycho  
Everything struggles behind this man, see nobody love  
you  
Got a piece of the streets and it's gonna die with me  
may your, soul forgive me  
Makaveli's within me  
In principle we stand by stronger than power  
We gon' die by the rules you can never devour  
On the earth from my birth felt nothing but pain  
only thing I ever gave was the baby the name  
that's my heart, and if I should go I'll go on in sparks  
that's the event of my demise, and it lurks in the dark

[Chorus]

[??]

Now as I stand here, a man here  
Not a perfect one, but a searching one  
Seek in another, blazing time  
Sound crazy but I'm actually tryin to escape my mind  
Tryna rise in time  
but hoping that you didn't notice  
When i was at my low as  
So I knew they were watching, I couldn't stop it  
So many things I wanted to accomplish  
Too many dreams, wasted with no promise  
From out the darkness I struggle to see the light  
Rumble deep in the night  
Hustlin with all of my might  
Some won't see it that way  
But us is given praise  
But all of them will dream  
That I did it my way  
In the event of my demise

[E.D.I. Amin]

I was born to a storm that won't lead up  
And I was raised to stay brave with my head up  
But thing ain't got better  
We still gettin wetter in this bad weather  
I need more than a sweater and a leather  
Yo, ain't nothin ment to last forever  
So the stuggling and the ?starving? ain't gon' last  
forever  
And my will, probably be like two lines long  
It will read I'm dead but my soul lives on  
And my spirit still living though my body is gone  
In the event of my demise I love all who stay strong  
I love all who stay strong  
In the event of my demise, com'on

[Geronimo Ji Jaga]  
In the event of my demise  
when my heart can beat no more  
I hope I die for a princeple  
Or a belief that I have lived for  
I will die before my time  
Beacause I feel the shadow's depth  
So much I wanted to acomplish  
Before I reached my death  
I have to come to grips with the possibility And wiped  
the last tear from my eyes I loved all who were positive  
In the event of my demise
