[2Pac]

Am I wrong cause I wanna get it on till I die?  
Am I wrong cause I wanna get it on till I die?  
Get it on till I die  
Get it on till I die  
Y'all, Y'all remember me  
Y'all, Y'all remember me

[Krayzie Bone]

It's that Tupac (Pac)  
It's that Tupac (Tupac)  
It's that Tupac (Pac)  
It's that Tupac (Tupac)  
It's that Tupac (Pac)  
It's that Tupac (Tupac)  
It's that Tupac (Pac)  
It's that Tupac (Tupac)  
(Pac's home)  
Ha ha

[2Pac]

After the fire comes the rain  
After the pleasure there's pain  
Even though we broke for the moment we'll be balling  
again  
Time to make ya'll, my military be prepared for the  
busters similar to  
Bitches to scary, get to near me we rush 'em  
Visions of over packed prisons  
Million's of niggaz thug living  
Pressure's, three strikes I hope they don't test us  
So pull the heat out, ammunition in crate's (shh)  
Move without a sound as we slide down pistols in place  
I'm sensing niggaz is defenceless I'm hitting fence's  
then getting ghost  
Who can prevent me shooting senseless?  
At these niggaz throats  
Bitch made niggaz and that bullshit you going through  
Outlaws busting while we rushing  
We untouchable  
Fuck you niggaz and that bullshit you going through

We Outlaws rushing you busting you  
We untouchable

[Krayzie Bone (2Pac)]  
It's that Tupac (Pac)  
(Am I wrong cause I wanna get it on till I die?)  
It's that Tupac (Tupac)  
(Am I wrong cause I wanna get it on till I die?)  
It's that Tupac (Pac)  
(Get it on till I die)  
It's that Tupac (Tupac)  
(Get it on till I die)  
It's that Tupac (Pac)  
(Y'all, Y'all remember me)  
It's that Tupac (Tupac)  
(Y'all, Y'all remember me)

[Krayzie Bone]  
You niggaz better not try to run up  
And don't try to say we ain't told you  
You're dealing with killers and soldiers  
Nigga these explosives, trying to blow shit, running you  
over  
Nigga controller  
Whenever y'all niggaz try to roll up  
Thinking I'm a ho, well, come and let me show ya  
I'm a light up the rhythm like dosia  
Dumping so potent, nigga don't choke up  
Flow up  
Makaveli The Don, got niggaz strapped and ready to  
bomb  
As soon as I send the alarm, and when we're done  
We've committed a red rum, leaving the enemies dead  
and gone  
Leaving 'em niggaz head's blown, cause they know  
they dead wrong  
When the shots ring out you know we're coming  
through (Know we're coming through)  
Talk a lot with your mouth, well what you gon' do? (So  
what you gon' do?)  
Shut 'em down, busters be knowing to keep they  
distance  
Thugs don't fuck around  
We get back at 'em so swiftly, niggaz is with me  
underground  
Slug in a niggaz mug, reppin' Midwest Side  
Niggaz if you a thug get your weapon, let's ride  
Ride for Pac, Pac, get live for Pac, Pac, Pop off the  
Glock, Glock  
The thugging it don't stop

[Krayzie Bone (2Pac)]  
It's that Tupac (Pac)  
(Am I wrong cause I wanna get it on till I die?)  
It's that Tupac (Tupac)  
(Am I wrong cause I wanna get it on till I die?)  
It's that Tupac (Pac)  
(Get it on till I die)  
It's that Tupac (Tupac)  
(Get it on till I die)  
It's that Tupac (Pac)  
(Y'all, Y'all remember me)  
It's that Tupac (Tupac)  
(Y'all, Y'all remember me)

[2Pac]  
Only wish to breed  
I explode into a million seeds  
Ya'll remember me  
Legendary live eternally  
Bury me in pieces cause they fear reincarnation  
Niggaz screaming peace cause they fear when my  
squad face 'em  
Take them to places, stake they face then erase 'em  
and brake 'em  
Murder motherfucker's at a rate and then quicken the  
pace  
Blast me but never ask me to live a lie  
Am I wrong cause I wanna get it on till I die?  
Now I'm worldwide  
Niggaz gossip like girls then hide  
No offense to Nas but this whole fucking world is mine  
Even if you blind you can still see my prophecy  
My destiny to overthrow those on top of me  
Fiending for currency the money be calling  
Can you feel me, dreaming?  
Seeing scenes of me balling?  
Fuck you bitch made niggaz and that bullshit you going  
through  
Outlaws busting while we rushing  
We untouchable  
Fuck you niggaz and that bullshit you going through  
We Outlaws rushing you busting you  
We untouchable
