Someday I will find my prince
He may be far away
But I know he will come
Someday

Prince of my dreams
Far away
To call my own
Someday
Prince of my dreams
Far away
To call my own
Someday

Someday my prince will come
Someday I'll find my love
And how thrilling that moment will be
When the prince of my dreams comes to me

He'll whisper I love you (I love you)
And steal a kiss or two (Just one kiss)
Though he may be far away
I will find my love someday

Someday we'll say and do
The things we've been longing to
And I'll know him the moment we meet
For my heart will start skipping a beat
Someday when my dreams come true

Somewhere waiting for me
There's someone I'm longing to see
Someone I can't help but adore
Who will thrill me for ever more?

Someday we'll say and do
The things we've been longing to
And I'll know him the moment we meet
For my heart will start skipping a beat
Someday when my dreams come true

Someday my prince will come (Someday my princess
will come)
And I will find my love (And I will find my love)
And I'll know it the moment we meet (The moment we
meet)

Prince of my dreams
Far away
To call my own
Someday
Prince of my dreams
Far away
To call my own
Someday

Prince of my dreams
Far away
To call my own
Someday
Prince of my dreams (Prince of your dreams)
Far away (Far away)
To call my own (To call your own)
Someday (Someday)

Prince of my dreams (Prince of your dreams)
Far away (Far away)
To call my own (To call your own)
Someday (My dreams will come true)
Prince of my dreams (Prince of your dreams)
Far away (Far away)
To call my own (Call your own)
Someday
