I was sitting with you one day
You smiled at me and said, I love ya babe
But is this really what I want?
Love really wasn't what I thought
I guess I'm not like any other girls
This life of mine
Can you help me shine
This life is different
You thought I was your heaven sent
This life of mine
You held me on a chain one day
And I really had nothing to say
I was a little strange
But it doesn't mean I'm going insane
This life of mine
Can you help me shine
This life is different
You thought I was your heaven sent
This life of mi-i-i-ine
I told you
But I hadn't got a clue
What I was saying
And I am praying
For you
This life of mine
Can you help me shi-i-i-ine
This life of mine
Can you help me shine
This life is differe-e-nt
You thought I was your heaven se-e-e-e-ent
This life of mi-i-i-i-i-i-i-ine
This life of mi-i-i-i-ine
Oh, this life...of mi-i-i-ne
