You pay for the things you have with kisses you stole  
from me

This conversation is breaking me

I won't let you go for anything

I'll put on my happy face pretend everything will be ok  
You substitute me for the next best thing I'll always be  
your next best thing

I won't let you go for anything

You'll be the death of me in time I'll let you know

Your eyes are the reason my heart is beating  
Your smiles the reason that I keep breathing  
Your love is the reason that I keep screaming out
