Ho...oh...
Yeah...hea...yeah...

I used to think that I could survive
Without anyone
But its so hard to go on with my life
My hearts on the run

You opened my eyes and made me see
Baby, what true love means to me
And I feel it now more than before
This faith that you restored in me

(Falling) All the love thats inside
(Falling) I can no longer hide
Cause Im falling in love again
(Falling) All the tears I have cried
(Falling) You kissed them goodbye
Now Im falling in love again

Uh-huh
Baby, yeah, yeah

Sometimes I thought that Id never find
That one perfect love
I cant believe you walked into my life
Oh, girl, you fit like a glove

You opened my eyes and made me see
Baby, what true love means to me
And I feel it now more than before
This faith that you restored in me

(Falling) All the love thats inside
(Falling) I can no longer hide
Cause Im falling in love again
(Falling) All the tears I have cried
(Falling) You kissed them goodbye
Now Im falling in love again

Falling in love again

Now Im falling in love again

I was so unsure before I found you
My lonely heart was torn in two
You showed a world
That Ive never known

{All the love} All the love thats inside
(Falling) I can no longer hide
Cause Im falling in love again
(Falling) All the tears I have cried
(Falling) You kissed them goodbye
Now Im falling in love again {Im falling in love}

(Falling) All the love thats inside
(Falling) I can no longer hide
Cause Im falling in love again {Im falling in love}
(Falling) All the tears I have cried
(Falling) You kissed them goodbye {Oh, baby}
Now Im falling in love again-ac
