Once again I get stopped short of being happy to my
full potential
No one understands how being with my girlfriend is
essential
And my mom complains that I stay out late, I'm never
home
And if I am, then you can find me on the telephone with
her
'Cause she really cares about me in a way no one has
before
And I really care about her just the same, I couldn't ask
for more

Leave me alone, I'm having fun
So go complain to someone else
I'm going out, with my girlfriend
If that's a problem fuck yourself!

As soon as I start to feel alright everything else starts
to go wrong
I thought I put an end to all the sadness I had known for
so long
But my friends complain I'm always with her, I neglect
them
But I want them to know, if they were me then I'd
respect them because
I've fallen in love and nobody cares, except for she and
I
I know everyone's thinking of themselves, so who cares
if I try?

Leave me alone, I'm having fun
So go complain to someone else
I'm going out, with my girlfriend
If that's a problem fuck yourself!

And my band thinks that I have "ditched them for a
girl"
That's not true at all I wouldn't ditch them for the world
But at the same time I'd never ditch her for them
'Cause just like them she's my best friend

Leave me alone, I'm having fun
So go complain to someone else
I'm going out, with my girlfriend
If that's a problem fuck yourself!
