Dipping my feet into the water
Slowly adjusting to how you make me feel
Should I dive under or will I run back
Scared I will run back to the safe sea shore
No I want more, please give me more

Feels like summer, seeping in my skin
With the cool beach breeze,
never been easier
Feels like summer,
my heart skips in the rhythm
of the warmth thats in him

La da di da -----

Gliding easier through the wave tunnels
Never have felt so alive
My life with you is unfolding molding,
into the dreams of my haunted past
youre changing, changing my life fast

Feels like summer, seeping in my skin
With the cool beach breeze,
never been easier
Feels like summer,
my heart skips in the rhythm
of the warmth thats in him

Remembering the winter when the ice felt lonely
Sends Chills up my spine without you if only
You could be my pocket of sunshine I take with me
Anywhere Anytime, just as long as you are mine

Feels like summer, seeping in my skin
With the cool beach breeze,
never been easier
Feels like summer,
my heart skips in the rhythm
of the warmth thats in him
Ladadida da dadidadada
He's my summer

Oh my Summer
