Erase these dreams I never had  
It turns again but never look back  
We'll never go back  
Delete these sheets I failed to save  
Words can't describe the day  
And I can't speak tonight

Never look back  
Never hold back  
Gotta get back  
To the places we once loved  
So I can sleep tonight

Embrace these streets I've never crossed  
It turns again and we might be lost  
But we're well on our way  
We lost our way back home  
And we drive around for miles  
Just to see the open road  
I can see it comin

Lets keep driving  
Just keep driving  
Lets keep driving  
Just keep driving

We've gotta find our way home
