Baby for you, baby for you  
For you, for you,

Just for you baby, for you  
You ...down my face, like a ...  
Why am I so afraid  
Should open up my heart and show my love  
I can really feel that you care  
And I know you want a love to share, care for me  
Give me the key to your heart

I'm gonna let you in, I'm gonna let you in  
Deep in my heart, I now want you deep in my heart

Baby let me in, would you let me in  
Deep in your heart, let me deep in your heart

You ...down my face, like a ...  
Why am I so afraid  
Should open up my heart and show my love  
I can really feel that you care  
And I know you want a love to share, care for me  
Give me the key to your heart

Baby tell me how you feel  
You dry the tears from my face  
You're like a flower when it blooms girl  
I really want love know it's for you  
Feel like I'm walking on air, walking on air...

You ...down my face, like a ...  
Why am I so afraid  
Should open up my heart and show my love  
I can really feel that you care  
And I know you want a love to share, care for me  
Give me the key to your heart.
