You left me
You left me now
I'm pissed

You're a serpent
Scaly and cold
A serpent
A lying b***h
Can't stand you
Why'd you do that to me?

I can be sweet
Or I can be sour
It all depends on how you treat you
You treat me good, you get it
You treat me bad, you'll see

You're a serpent
Scaly and cold
A serpent
A lying b***h
Can't stand you
Why'd you do that to me?

It's a disgrace
A disgrace
You ashamed me
Now watch your back

You're a serpent
Scaly and cold
A serpent
A lying b***h
Can't stand you.
I don't need a tramp like you
