Burning all your bridges to the ground
Forgetting all your omens lay them down
Calling in the darkness
But I can't see your face
I will stay here tonight
Praying for your grace

Cause I sold my soul to the devil I remember
Choking on that cold dark december
I would do it all again for you, for you

Burning all your bridges to the ground
Forgetting all your omens lay them down
Just to hear you breathing is all I need to hear
Don't you turn away dear
There's nothing left to hear

Cause I sold my soul to the devil I remember
Choking on that cold dark December
I would do it all again for you, for you

Coz I sold my soul to the devil I remember
Choking on that cold dark December
I would do it all again for you, for you

Where are we going there's no way of knowing
I'm kneeling and praying so scared to believe in
What you are saying and walking away
To a place I've been saving
Where no one can reach me

So where are we going there's no way of knowing
I'm kneeling and praying so scared to believe in
What you are saying and walking away
To a place my home

Coz I sold my soul to the devil I remember
Choking on that cold dark December
I would do it all again for you, for you

Cause I sold my soul to the devil I remember

Choking on that cold dark December
I would do it all again for you, for you
