[Chorus: Olivia]

Summer, Winter, Spring and Fall  
I'll be around to catch your call  
Cuz you're my baby (you're my baby)  
And I adore you  
You always brighten up my day  
I'll never ever let you wait  
Cuz you're my baby (you're my baby)  
And you're amazing (so amazing)

[50 Cent]

I'm from, city to city, to show to show  
See me I been grinding across the globe  
I hustle hard to get the grip fa'sho  
So when I make time to call you, you should pick up the  
phone  
Tell me, what's on your mind when you alone  
I have you touching on yaself, girl all in the zone  
Now if I turned you on  
With things I say, would I be wrong?  
Then I don't wanna be right  
Matter of fact, I'd be on the next flight  
Trying to get it on with you tonight  
Do the things you like  
Touch the right spot, have ya piping hot  
While the wind blow through ya hair in the drop  
Just lay back, relax to the sounds of the sex  
And let me do what I do until you climax  
You can go straight to sleep after it's all over  
In the morning, roll over and we can start over

[Chorus]

[50 Cent]

Yeah, I called just to say  
"Hope you're having a nice day"  
You're special, I'd get into you  
Oops, I mean I'm into you  
Every chance I get, I find time to spend with you  
Jet to bring you to me, just to watch a movie  
Better yet, to watch you climb into the jacuzzi

Yeah, Bubbles in the bath, Don in the glass  
Funny how time flies when you full of laughs  
It's fun, but before long, a nigga gotta dash  
For the lifestyle I live, a nigga need cash  
To come quick, so I don't fuck with the stash  
I know you like pumps and boots, I like Jeeps and  
Coupes  
So I grind all the time to save me some loot  
I put a spell on ya, I like to call it a spell  
In the bedroom working it well, I don't kiss and tell  
But I don't care if you kiss and tell  
You can tell ya girlfriend the details

[Chorus] - repeat 2X
