Empty years of place
That I do not fear
Spare my life in pain
The numbness makes me clear
Repeat (2x)

Give it to me
Make me feel something real
Come and take me deep in the night
Repeat (4x)

Over and over and over again
Repeat (2x)

Empty years of place
That I do not fear
Spare my life in pain
The numbness makes me clear
Repeat (2x)

Give it to me
Make me feel something real
Come and take me deep in the night
Repeat (4x)

Over and over and over again
Repeat (2x)

(Ad Lib)

Give it to me
Make me feel something real
Come and take me deep in the night
Repeat (4x)
