(VERSE)

I say it's over,  
You say it's over,  
I say I'm leaving,  
You say well leave then

(PRE CHORUS)

And we go our separate ways,  
Can't find the strength to stay  
And we leave strong and travel down a road so long In  
outer space, we fly away  
Until the day, we're standing face to face  
And it's like

(CHORUS)

Crash, boom, I fall in love with you  
Can't remember why I ever lost faith in you Until we feel  
the crash boom  
Disaster has struck over  
Then we finally we see  
We were meant to be  
We're going in circles, going in circles

(VERSE)

I say you're selfish  
You say I'm helpless  
I say it's over  
You show me the door

(PRECHORUS)

(CHORUS)

(BRIDGE)

We can't keep going through this We gave it our best  
try  
No games, no lies, no bullshit We must apologize  
I know that in the end  
Our love will never die  
We gotta stop going in circles And walk the straight  
line, ooh

(CHORUS)
