

A Blue Ocean Dream "Musiq Roboter"

Visit "[Musiq Roboter](#)" on MotoLyrics.com

Industry

Working in a factory

Production and time

Work to the hammer chime

Machinery

Takes all of your energy

The industrial wheel

Melting iron and steel

I'm a music roboter

Synthetic pop manufacturer

I'm a music roboter

Electropop mind challenger

Planning to escape

As your dreams take shape

You hope to be free

Close your eyes and count to three

It's a demanding life

Words cut sharp as a knife

Bringing you down

Lift your head and turn around
