All I wanted was something to hold dear  
something to hold near to my heart  
denied again I'm left with a bitter taste in my mouth  
and a heart as cold as ice  
with no warmth in sight your embrace feels like a slap  
to my face  
so shallow and fake will this ever end. will my torment  
ever cease  
wishing I could feel nothing. a life dead to love  
All I wanted was something to hold dear. something to  
hold near to my heart  
denied again I'm left with a bitter taste in my mouth  
and a heart as cold as ice  
with no warmth in sight hoping for a heart that can feel  
no pain  
rip this from my chest so I can never find it in myself to  
love and forgive you  
will my torment ever cease. wishing I could feel  
nothing. a life dead to love  
free from love. free from emotion. I'm free from you
