Spent enough time in your arms to know
Just where I wanna be
I've heard your voice enough to know
Just what I need to hear
Baby I'm right beside you

All I need is a little more of you
All I need is a little more of you
All I need is a little more of you to go on

Laughed with you enough to know
Just how I wanna feel
I've been with you enough to know
Just why I need you
Baby I'm right beside you

All I need is a little more of you
All I need is a little more of you
All I need it a little more of you to go on

Take a chance and open the door to me
Just let me in
and open your eyes and see:
Baby I'm right beside you
I'm right beside you
I'm right beside you

All I need is a little more of you
All I need is a little more of you
All I need it a little more of you to go on

I'm right beside you
I'm right beside you
