Cut me up my minds on fire
You can not choose between lust and desire
Between love, hate, you screw up my brain
Your words mean nothing and i suffer the pain

Cut me up my minds on fire
You can not choose between lust and desire
Between love, hate, you screw up my brain
Your words mean nothing and i suffer the pain

You crucify me and why couldn't i see
My blood splattered body was in ecstasy
Sex, pain, pain, pleasure
Eternal torture lasts forever

You fuck me up and leave to bleed
Come closer to me, its you that i need
Decide what you want, give it to me
My body is yearning and its agony

You penetrate me and i'm invaded
Your rite of passage leaves me degraded
Stimulated passion i have to endure
Ritual pleasure there is no cure

You crucify me and why couldn't i see
My blood splattered body was in ecstasy
Sex, pain, pain, pleasure
Eternal torture lasts forever

You torture me with sadistic pleasure
Its just another memory to treasure
Your lust for blood and eternal pain
My mutilation puts you to shame

You crucify me and why couldn't i see

My blood splattered body was in ecstasy
Sex, pain, pain, pleasure
Eternal torture lasts forever
