Look at me, chained and stripped
Can't move or see (wipe the tear)
No more fear (wipe the tear)
Begging you for the lash of the whip
Tie me down, I'm into slavery
Torture me (wipe the tear)
Can't move or see (no more fear)
Whip me to the pits of depravity

I've been kissed (kissed) by the whip (whip)
The whip, skin strips (strips)
I want to be kissed on the lips (lick)
By the flick of the whip (strip)

Kissed (kissed) by the whip (whip)
The whip, skin strips (whip)
Kissed (kissed) on the lips (lick)
By the flick of the whip (strip)

Get your pleasure by any measure
Girls or boys (pick at sores)
Sex toys (pick at sores)
The pain lasts forever
Pick the scab until it bleeds
Red raw (pick at sores)
Girls or boys (sex toys)
Whip me till I'm on my knees

I've been kissed (kissed) by the whip (whip)
The whip, skin strips (whip)
I want to be kissed (kissed) on the lips (lick)
By the flick of the whip (strip)

Kissed (kissed) by the whip (kiss)
The whip, skin strips (whip)

By the flick of the whip (strip)
