Feeling every drop of rain
Lately life ain't been so rosy
Who's done what and who's to blame
Insecure and both so lonely

All we are and ever been
Is crying out to let love in
Baby, it's so hard to do
If we love a little bit more
Maybe that's all I need to get by
Love a little bit more
And maybe we won't have to say
Goodbye

How to fix up what went wrong
Maybe share our dream together
Saying things we will not mean
This is only some bad weather

All we are and ever been
Is crying out to let love in
Baby, it's so hard to do
If we love a little bit more
Maybe that's all we need to get by
Just love a little bit more
And maybe we won't have to say
Goodbye

If we just hold on
I know that we can find our way
So baby, please be strong
'Cause it would break my heart in two
If I ever tried to live without you

Never say goodbye
Love a little bit, just a little bit more
Maybe that's all we need to get by
Love a little bit, a little bit more
We won't have to say
Love, we've got to love
Maybe that's all we need to get by

Love, please lover, I need you by me
Just a little bit more
