Time waiting, we're vacating (No more delays)
I know its tragic to save me
I'm all packed up now and I'm locked to leave
Leave this city

Grab a canon (To shoot the setting sun)
Grab your soul mate (Find out that shes really the one)
Maybe we can't hide but we can take the money and
run
So that's what we'll do
(We got our bags yeah, we will seek it, get off the track
yeah we will say)

Bustin out and bust our ears (Take the long road home)
Got clothes on our backs lets (Go)
We'll hit the road will we look back (No)
Never my love
Never my love
I'm ready all set lets (Go)
We'll hit the road will we look back (No)
Never my love
Never my love

Hit the beach where the city girls six string
(approaching the sound)
Skipping rocks on the water (We're just messing
around)
Watch the sun set low (Better hit the road)
Before we get too old and boring
(We got our bags yeah, we will seek it, get off the track
yeah we will say)

Bustin out and bust our ears (Take the long road home)
Got clothes on our backs lets (Go)
We'll hit the road will we look back (No)
Never my love
Never my love
I'm ready all set lets (Go)
We'll hit the road will we look back (No)
Never my love
Never my love

In the campfire light we hold on tight
These moments are slipping away, slipping away
Theres not much more that we can say
I think back to a time where I still believed
That we would live forever
Life gets harder as the years go by
And never let these memories die

Never let these memories die
Got clothes on our backs lets (Go)
We'll hit the road will we look back (No)
Never my love
Never my love
I'm ready all set lets (Go)
We'll hit the road will we look back (No)
Never my love
Never my love
