You cannot run
You cannot hide

'Cause we can see
your strength inside

In this you fall,
if you may falter

We'll be with you
That will not alter

He can see and he can feel without one touch

It becomes surreal

But it's true

The power lives inside of you

Inside of you, yeah

In this world

Where life is strong

In this world

Life's an open book

In this world

Where compromise does not exist

In this world of worlds

Where every step meets the rest

In this world

Where one is all

In this world

Never fear the fall

In this world

Where compromise does not exist

In this world of worlds

Every step meets the rest
