[Intro] x2

I can't look at what we've done

And make it all ok

All hope is found in you

We know it's found in you

Take us and let us see \ x2

All we need is to see /

Let us carry on through the night x2

Take us and let us see \ x2

All we need is to see /

It's like they poisoned us overnight. x3

How much can they take?

We all need to take charge (We can wake them)

Speak now and save this world x3

When silence is deafening

When silence is deafening

The world is set aflame

God is real

And we stand strong

Speak now and save this world

So write this down

As it comes

As a reminder

For when your lost

This shall come to mind

All was offered

All was offered

Oh!

We are not of this world

We are of God

(Breakdown)

[x3]

Weâ€™ve become so
Lost in how we think it is supposed to be
Let us become one
Voice because we were meant to sing

We look to you father
The day has actually come
Where they will tell us lies
These words are not in the book
Donâ€™t tell us what you think
Donâ€™t preach to us in vane
Tell us about the truth

I have come to destroy the wisdom x2
I have come to destroy the wise
I have come to destroy the wisdom (of the wise)
