Inhaling her fart is like a drug to me  
(You need your poop like I need my ganja)  
I need her assfart like you need your weed  
(We \*unknown\* fart)  
And I got poo poo all over my lips  
Can feel the love in my fingertips  
The combination of poo poo and ganja  
Makes me feel stronger than anyone  
Smoking the weed since I was 15  
Always specific the poop of green  
Don't drink and drive smoke a joint then I fly  
I fart for a while then I also fly high  
Up in the sky like a butterfly  
You will watch us go while with your fecal smile  
So left on the \*unknown\* we fart in your eyes  
The poop particles will make you go blind  
We fart in the air and it's everywhere  
That whole atmosphere don't go near my dear  
Only if you turn on/in my poo poo  
(Ohh ohh)  
Poo poo is my fetish ohh ohh  
(Ohh ohh)  
When she farts in my face  
Said I'm up for all blaze  
Don't let poo go to waste  
That's not how my mama raised me  
When I was a kid in my house I grew up  
I was smoking a spliff yea chilling was up  
Take a hit from the bong and I poop on the poop  
Singing a song like my mom used to do  
I got 20 cans of poo in my home cause that's how I roll  
where I come from  
I got poo in my head 24/7  
That's enough said you know poo is my heaven  
And why won't they sell it at 7/11  
I'm so freaking mad now I'm gonna have to \*unknown\*

So roll up a spliff and fill it with feces  
Cleanse my soul like I'm eating with Jesus  
Best in best  
It's like I've been blessed

Take a deep breath  
In my chest and my veins  
Catching and feeling again  
And I can't explain move and \*unknown\* I'm shaking  
The best of both nations  
Sensation, celebration, temptation, ganja nation  
That spliffs amazing

Hi my name is Cassy and I'm a bit gassy  
Oh fart in my face and I'll give you some cashy  
Oh sweet girl we'll have you eating today  
Not wait don't say it let me fart on my way  
Don't let your ass, ever fail you  
Let out the gas and watch you sail away-ya  
And if were thousand miles apart  
I can always smell that wet little fart  
The rumor, the ghost around the town  
Says you can smell her fart with that sound  
The wrinkle hole you got in your butt  
Makes me so horny, makes me go nuts  
With my dick in your hole  
Will you fart on my soul  
I feel out of control  
I'm cumming, oh lord  
Take a shit on my body  
Oh oh lawdy  
Oh I'm so naughty  
But I'm not sorry  
So \*unknown\* this party  
It's been \*unknown\*  
Take a shit in your pussy, I'll lick it up darling  
Diarrhea  
(Man I feel ya)  
Ganja in ya  
(Cummin in ya)  
If your buttoholes loose \*unknown\* with the weed and  
booze  
20 spliffs a day  
To keep the evil away  
I poo 50 times a day  
So you'll have some to save  
You catch me

So roll up a spliff and fill it with feces  
Cleanse my soul like I'm eating with Jesus  
Best in best  
It's like I've been blessed  
Take a deep breath  
In my chest and my veins  
Catching and feeling again  
And I can't explain move and \*unknown\* I'm shaking

The best of both nations  
Sensation, celebration, temptation, ganja nation  
That spliffs amazing
