We got purple peppermint porcupines,  
Covered in sticky porcupine spikes.  
Magical cocoa unicorns,  
With great big chocolate unicorn horns

Welcome to the Candy Zoo  
Lets have an adventure, just me and you  
Well get a map and go wherever you want to

There's the wizard lizard who spends his time  
Conjuring candied lemon and lime  
Liquorice fish live in this lake  
All they do is bake birthday cake

Welcome to the Candy Zoo  
Lets have an adventure, just me and you  
Well get a map and go wherever you want to

If you're thirsty we can get some drinks  
Fizzy juice from the lollipop lynx  
Next stop the giant jellybean giraffe  
Have you seen one? Well, I promise you'll laugh

Welcome to the Candy Zoo  
Lets have an adventure, just me and you  
Well get a map and go wherever you want to

Look, it's the underground mole patrol  
Crawling around in their Tootsie Roll holes  
A cookie dough crow flew overhead  
He landed and smiled and then he said

You're always welcome at the Candy Zoo  
What a great adventure, just me and you  
Come back soon and play whenever you want to
