Alright!

I will not harm you, I will not harm you the same way.

Can you hear their laughter? Can you hear their
laughter, too?

I will not harm you, I will not harm you the same way.

Can you hear their laughter? So can you hear them
laugh?

What a nice play, played on you,

Well it's much better than I could do, I could do, I could
do.

Yeah It's much better than I could do.

I will not harm you, I will not harm you the same way.

Can you hear their laughter? Can you hear their
laughter, too?

I will not harm you, I will not harm you the same way.

Can you hear their laughter? So can you hear them
laugh?

What a nice play, played on you,

Well It's much better than I could do, I could do, I could
do.

Yeah It's much better than I could do.

What a nice play, played on you,

Yeah It's much better than I could do, I could do, I could
do.

Yeah It's Much better than I could do.

Game over and out!

Game over and out!

Game over and out!

Game over and out!

Game over and out!

Game over and out!
