Don't know when,  
Or how many nights  
But I've seen this place before  
Once again  
In these blinding lights  
I'll pretend that I'm yours

So I start  
And I lose myself in time and minor keys  
Play my part  
As the camera captures sound and memories  
Take a bow  
Disappear into the silence, through the door  
Wondering what I'm waiting for

I look up  
But I see no stars around  
For all I know  
The sky could be falling down

All I see is the colour of the night  
You're still here but I'm fading out of sight  
I'm washed away by the colour of the night  
And I'm waiting for  
Waiting for  
Waiting for a sign

On my way,  
As the sound of people ringing in my ears  
Fades away.  
Like a dream of you that slowly disappears  
Everyday,  
Like a copy of the day that came before  
Wondering what I'm waiting for

I look up  
But I see no stars around  
For all I know  
The sky could be falling down

All I see is the colour of the night

You're still here but I'm fading out of sight  
I'm washed away by the colour of the night  
And I'm waiting for  
Waiting for  
Waiting for a sign

All I see is the colour of the night  
You're still here but I'm fading out of sight

All I see is the colour of the night  
You're still here but I'm fading out of sight  
I'm washed away by the colour of the night  
And I'm waiting for  
Waiting for  
Waiting for a sign

And I'm waiting for  
Waiting for  
Waiting for a sign
