

A Cinderella Story "Anywhere But Here"

Visit "[Anywhere But Here](#)" on MotoLyrics.com

When I'm in a crowd, or on an island by myself
Silent or too loud, wishing I was somewhere else
And I can't believe, you hit me fast and hard
When you turn to me and say, never change the way
you are

Trying to catch your eye, things will never look the
same
Now I can't deny, you're the moth and I'm the flame
There I go again, I should walk before I run
How can I explain, I can't stop what you've begun

I'm falling through the door, flying 'cross the floor
When you look at me suddenly it's clear
You're burning up my dreams, crazy as it seems
I don't wanna be anywhere but here, anywhere but here

What goes on inside, is a mystery no doubt
Roller coaster ride, I may never work it out
Here's the brand new me, skates around and floats on
air
I'm a sight to see, rainbow colors in my hair
You have set me free, the one who gets me there

I'm falling through the door, flying 'cross the floor
When you look at me suddenly it's clear
You're burning up my dreams, crazy as it seems
I don't wanna be anywhere but here, anywhere but here

Here is the place where, my head is spinning
Time is beginning to race away
You come to throw me, knock me off my feet
You give me wings to fly, the world goes crashing by
again

I'm falling through the door, flying 'cross the floor
When you look at me suddenly it's clear
You're burning up my dreams, crazy as it seems
I don't wanna be anywhere but here, I'm anywhere but
here

I'm falling through the door, flying 'cross the floor

When you look at me suddenly it's clear
You're burning up my dreams, crazy as it seems
I don't wanna be anywhere but here

I'm falling through the door, flying 'cross the floor
Anywhere but here, anywhere but here
