Crash

That was you and me
Started out so innocently
Shattered on the ground
I hear the sound

Crash

Ringing in my ears
I still feel the sting of my tears
Someone wake me
I can't seem to break free

Go on, get out of my head
I'm on the wrong side of a parallel universe
Am I alive or just dead?
I've been somewhere in the dark
Livin' in a crash world

Hush

Don't say one more word
At this point the truth seems absurd
'Cause who we were
It's gone forever

Crashed

Underneath the fears
Everything's so twisted and weird
Someone save me
I can't seem to break free

Go on, get out of my head
I'm on the wrong side of a parallel universe
Am I alive or just dead
I've been somewhere in the dark
Livin' in a crash world

Crash world, yeah, yeah

Slow motion, devastation
Should've see it comin' but I couldn't do nothin'
Emotion, desperation
Someone save me

I can't seem to break free

Universe, universe

Go on, get out of my head
I'm on the wrong side of a parallel universe
Am I alive or just dead?
I've been somewhere in the dark
Livin' in a crash world

Go on, get out of my head
I'm on the wrong side of a parallel universe
Am I alive or just dead?
I've been somewhere in the dark
Livin' in a crash world

Crash world, yeah, yeah
Crash world
