I've been searching for a, a heart that needs a heart
like mine
I've been reaching for a hand that understands
I've been waiting for someone that I can love that loves
me
Loves me for the one that I am

Someone to hold me when I'm lonely
Someone to keep the rain away

There's one in this world for everyone
One heart, one soul to walk beside you
One in this life to share your love
One touch to touch the heart inside you

Wanna reach for each night
Wanna trust with your life, that's what I believe
You're the one, you're the one in this world for me

I've been praying that someone like you would rescue
me
I've been hoping that I'd find my way to you
I've been dreaming that somehow I'd finally find
somebody
Somebody to make my dreams come true

Someone to hold me when I'm lonely
Someone to give my whole world to

There's one in this world for everyone
One heart, one soul to walk beside you
One in this life to share your love
One touch to touch the heart inside you

Wanna reach for each night
Wanna trust with your life, that's what I believe
You're the one, you're the one in this world for me

Someone to hold me when I'm lonely
Someone to tell my secrets to
Someone who's living for me only
Someone to give my whole world to

They say, they say, they say, they say

One in this world for everyone
One heart, one soul to walk beside you
One in this life to share your love
One touch to touch the heart inside you

Wanna reach for each night
Wanna trust with your life, that's what I believe
You're the one, you're the one in this world for me
You're the one, you're the one in this world for me
You're the one
