Can you hear them? They talk about us  
Telling lies, well, that's no surprise  
Can you see them? See right through them  
They have no shield, no secrets to reveal

It doesn't matter what they say  
In the jealous games people play, hey  
Our lips are sealed

There's a weapon which we must use  
In our defense, silence  
Spreading rumors, so far from true  
Dragged up from the underworld  
Just like some precious pearl

It doesn't matter what they say  
In the jealous games people play, hey  
Our lips are sealed

Pay no mind to what they say  
It doesn't matter anyway, hey  
Our lips are sealed

Hush my darlin', don't you cry  
Cryin' angels forget their lies

Can you hear them? They talk about us  
Telling lies, well, that's no surprise  
Can you see them? See right through them  
They have no shield, no secrets to reveal

It doesn't matter what they say  
In the jealous games people play, hey  
Our lips are sealed

Pay no mind to what they say  
It doesn't matter anyway, hey  
Our lips are sealed  
Our lips are sealed  
Our lips are sealed
