Miss crush miss crush
Miss crush living on her own in a two bed flat
Miss crush she dunno what to do with her life
Until she finds the - one the one on on on

Chorus
She will try every thing just to get to him
She will climb every mountain
Swim every river
Cos she's miss crush

He's mr cutie-pie
Living in his own dream life
She don't know what to do oo
He just wants to meet you
He knows the facts and if there right (right)

Chorus
He will try every thing
Just to get to her
He will climb every mountain
Swim every river
Cos he's mr crush

She's the one standing one on a little edge
Dreaming of the boy She's never ever met
She just wants to meet you oh oh

Chorus
She will try everything just to get to him
She will climb every mountain (hey eh eh)
Swim every river
Cos she's miss crush
