[Intro] Who'd ever thought that I would see this day
Where I would see my ghetto life fade away Cause I
was lost and couldn't find a way And now I look
forward to everyday Welcome to my sunny day Â
[Verse 1- Akon] Block don't stop, always stay hot No
matter how the season scorch I still remember when
they took me away Kept it on lock, then I got popped
Realized I had to stop Then I took time to explore a
better way Search high and low, so close yet so far to
go I just know there's a sunny day Â [Bridge: Akon]
Who'd ever thought that I would see this day (I would
see this day) Where I would see my ghetto life fade
away (fade away) Cause I was lost and couldn't find a
way (find a way) And now I look forward to everyday
(everyday) Â [Chorus] Welcome to my sunny day, my
sunny day Everyday, better day Welcome to my sunny
day, my sunny day Everyday, better day Welcome to
my sunny day Â [Verse 2- Wyclef Jean] I was born in
the ghetto, raised in the ghetto Saw my first 9
millimeter in the ghetto I got my first kiss in the ghetto
Playin hide go seek with the girls in the ghetto I wrote
my first hit in the ghetto Yo Mona Lisa, can I get a date
on Friday-ay-ay It's hard for me to let go, life in the
ghetto The night they blast my cousin, whoa I had to
find a way out the ghetto Picked up the guitar, started
singin in the ghetto Haters you stayed in the ghetto
Said I would have never made it out the ghetto I guess
that's why my cousin sold the yayo Even though Annie
said the sun come out tomorrow But the ghetto stay
dark I never thought I'd ever see the billboard charts Â
[Bridge] Â [Chorus] Â [Verse 3- Akon] Been a long
day, on my way To my holy place to pray Give thanks
for every blessing given to me I know there's more to
see, more to me No more livin in misery Cause this how
I vision life to be Search high and low, so close yet so
far to go I just know there's a sunny day Â [Bridge] Â
[Chorus]
