It's so damn clear that i'm feeling you

So baby girl, what it do?

You bad to the bone and that's really cool

I swear you got me in the mood

There is something that i wanna say to you

But first you gotta be my boo

Cause 1+1 equals to 2

You and i, ain't that cute?

May be some day i wanna marry you

Have a child with me

One ot two

There is nothing that i wouldnt do

To prove to you that i wanna be with you

I'ma treat you good (that's so right)

I'mma be there girl

Day and night

Giving you all the love that is missing in your life

And you know i got it all

So you gotta ask twice
