Sever the cord between lust and reality
A mental distortion, the worst by far
Sadistic protection of what you think is right
To justify silence and fright

Coward
Corrupter

A feeble heart so full of rust, a tainted soul built on
self-disgust
Now behold what you created

Between each moment, in every breath I take
A pulse morphing towards bittersweet screams
Yes I will turn the tide, yes I will burn the bridges
Just to see you choke
I will not falter
Embrace the embers, so close to relief
Bearing the burden just to see you get burned

An act so perfect and yet so vile
Sever the cords, live in denial

Your name, entitled by the venom you spread
By each scream, your twisted ego swells

Silence

Sever the cord between lust and reality
A mental distortion, the worst by far
Sadistic protection of what you think is right
To justify silence and fright

Between each moment, in every breath I take
A pulse morphing towards bittersweet screams
Yes I will turn the tide, yes I will burn the bridges
Just to see you suffer

An act so perfect and yet so vile
Sever the cords, live in denial

I have watched your suffering and bled through you
Now I am bleeding for two

Your name, entitled by the venom you spread
By each scream, your twisted ego swells
