All 4 1 - I Swear

=====

I swear by the moon and the stars in the sky

And I swear like the shadow thats by your side

I see the questions in your eyes

I know whats weighing on your mind

You can be sure I know my heart

'Coz Ill stand beside you through the years

Youll only cry those happy tears

And though I make mistakes

Ill never break your heart

And I swear by the moon and the stars in the sky

Ill be there

I swear like a shadow thats by your side

Ill be there

For better or worse, till death do us part

Ill love you with every beat of my heart

And I swear

Ill give you every thing I can

Ill build your dreams with these two hands

Well hang some memories on the walls

And when just the two of us are there
You wont have to ask if I still care
'Coz as the time turns the page, my love wont age at all
And I swear by the moon and the stars in the sky
I swear (and I swear) like the shadow thats by your side
Ill be there
For better or worse, till death do us part
Ill love you with every beat of my heart
And I swear
I swear (I swear) by the moon and stars in the sky
Ill be there
I swear like the shadow thats by your side
Ill be there
For better or worse, till death do us part
Ill love you with every (single) beat of my heart
I swear, I swear, oh... I... swear...
