Misconstrued  
but haunting  
you know you barely could survive  
it's apparent in this life  
and we're changing  
for the bitterness of touch  
full circle, end of flame, engulf me

I never dreamed I wouldn't follow up this loss  
I gotta pay a lot to figure out this cost, this cost

But hold on and hold out  
you've gotta keep me alive  
you've gotta fake the candles into  
burning one more lie  
Hold on and hold out  
you've gotta keep me alive  
you've gotta keep me alive

It's the truth  
but it haunts me  
you know we barely could survive  
it's apparent with this knife stuck in you  
and we're changing  
for the bitterness of touch  
four circles, end of flame, engulf me

I never dreamed I wouldn't follow up this loss  
I gotta pay a lot to figure out this cost, this cost

But hold on and hold out  
you've gotta keep me alive  
you've gotta fake the candles into  
burning one more lie  
Hold on And hold out  
you've gotta keep me alive

you've gotta keep me alive

It's the truth...

We're changing...

I never dreamed I wouldn't follow up this loss

hold on, you've gotta keep me alive

you've gotta keep me alive

But hold on and hold out

you've gotta keep me alive

you've gotta keep me alive

you've gotta fake the candles into

burning one more lie

you've gotta fake the bastards in
