“Water is the greatest thing”  
-Pindar

I know that the sun rising  
Is a temporary thing,  
That the sun obtuse on clouds  
At 30 thousand feet from the  
Airline windows is an  
Equal particle, that  
Ra is a shard, an  
Ostrakon from a forbidden  
Cycle of the acons.  
Nor god nor pulsing phantom forever  
But that I live at the mansion of earth  
For 80 years in the warmth,  
The children off to space,  
The chickens still crowing  
At sunup, but our  
Hearts beat lugubrium lugubrium lugubrium  
At Ra's pink-fingered sinking

42 billion years  
Then zap  
Then 42  
Zap  
We are caught

The meat chain  
Born of the prostate,  
Born of the  
Cusping egg-  
Caught, ended,  
Slashed. We are  
Led by the calf  
To the thin  
Arroyo  
To be slaughtered in droves  
Driven into the eyes and  
Slashings of the manglers,  
That little drama,  
No matter,

42  
Zap  
“we are now  
In the  
Electromagnetic  
Cycle”

IT lives.  
Enormous breathings  
& compressions  
Of IT
