[Chorus: Anthony David and Algebra] Forever more...  
Forever's a mighty long time but I really wanna spend it  
with you I shine when you shine and there's really no  
substitute Forever more... Forever's a mighty long time  
but I really wanna spend it with you I shine when you  
shine and there's really no substitute Forever more...  
[Anthony David] Take a picture, I want you to  
remember when I professed my love Press the button, I  
hope it's still recording every word I'm saying to you  
I'm telling you right now from this day on I've already  
weighed up the pros and cons Melanie, you're just the  
woman I want (I want) I want (I want), I want (I want)  
Making my plans just to be with you Just you and me  
babe till the days are blue and I ain't ashamed love, to  
say I do (I do) I do (yeah-he-eeey...) [Chorus] [Algebra]  
Pick a tree to carve our names Let the world know it's  
not a game Last longer than a wedding ring  
Generations tattooed with the love we bring From the  
seeds we sow to the time it takes to grow Long enough  
to show you I won't let go of you Cause without you I'm  
incomplete like this love song without this beat I'm  
saying that you are the man I need (I need) I need (I  
need), I need (yeah-heey) I'm making my plans just to  
be with you Just you and me babe till the days are blue  
and I ain't ashamed love, to say I do (I do) I do (I do), I  
do (I do) [Chorus] [Phonte] Uh, yeah, it's Phontigga,  
yo... Take a picture off the wall, try to reframe it Take  
all the color off, try to repaint it If you want picture  
perfect, well we ain't it because we painted our own  
portrait of me and you that could never be tainted  
Because real love and bodies are colors of the  
spectrum Mix a few greens with your reds and your  
blues Create some new youse, then you rehang it Start  
over, even though your friends gon' doubt you and all  
them other niggas tryna scout you It gets so tiring, but  
I'd be lying if I said that I'd be better off without you  
And when I think of walking out you smile in a way that  
make me feel like I'd be lost without you Me and you  
are the only threats to us Till death do us I'm standing  
next to ya, uh [Chorus]
