The taste of bitterness  
Your rolling eyes leave such a void  
This part of you I can't control  
I won't ignore so

Salvage the truth the story was a dream  
You're awake and lifeless  
The lying wheels are turning  
Round and round, we go

The bottom is open, crawl straight to him  
It seems he made you, what you are  
(What you are)  
A reflection of the wrong  
A reflection, an image to oppose

Yeah, say you are what you're not  
Just to try to build it up inside  
(Inside)  
Take a deep look beyond the depths that you roam  
You'll find that you want it all under your control

(Awake and Lifeless)  
You only open up your eyes enough to show you care  
less  
Than you do, you paint the picture how you want  
Without the truth, it's worthless

Fix this fault about yourself  
Before you're dead and rotting  
A brutal calling for the weak  
Set aside the greed

Salvage the truth, the story was a dream  
But you're awake and lifeless  
The lying wheels are turning

(Awake and Lifeless)  
You only open up your eyes enough to show you care  
less  
Than you do, you paint the picture how you want  
Without the truth, it's worthless

Go

The bottom is open, crawl straight to him  
It seems he made you, what you are  
(What you are)  
A reflection of the wrong, a reflection, an image to  
oppose

An image to oppose  
(An image to oppose)  
Yeah
