Yeahhh I wouldn't trade her in second
But in a month shell depart
So lets get ready for the one month wreckage
Of my broken heart

I try and I try so hard
But trying only gets me so far

I remember when I met her
Freshman year I can't forget her
I still regret that I left her
But she'll be gone

Break out break out escape the light
Wake up wake up and see that I'm right
Break out break out escape the light
Wake up wake up...

She was blind (as blind could be)
She could never really see
Just how good just how good it can be(2x)

One month to forget here are the steps to take
One month to forget here are the steps to take

One get her out of my head
Two take back what I said
Three forget her name
Four let her walk out the door

I wish I wish we were together
But now she's gone, gone forever (2x)
I wish I wish we were together
But now she's gone...

She was blind (as blind could be)
She could never really see
Just how good just how good it can be(2x)

I'm left with nothing
I'm left with nada nothing
Nada.

One get her out of my head
Two take back what I said
Three forget her name
Four let her walk out the door
